MACH 2 IN-DASH INTEGRATION				
PHOTO	Part #	Description	Included	MSRP
	VWMACH2-C07 VWMACH2-C14 VWMACH2-C16 VWMACH2-D11 VWMACH2F150-15 VWMACH2-FSD-11 VWMACH2FSD-17 (See harness kits below for model specific years)	MACH 2 In-Dash Integration Complete Kits This wireless system allows the user to use Visionworks high quality cameras with your existing tailgate camera and in-dash monitor. The user can use a remote, inside their cab, to switch from their manufacture tailgate camera to a Visionworks camera at the back of their trailer or preferred location for road travel and back up safety. This system is extremely convenient for users who don't want to manually switch between two cameras and keep both their tailgate camera and RV/Trailer camera on one monitor. Our digital wireless transmitters can transmit an interference free signal up to 400 ft. with a clear line of sight. The cameras are equipped with 800 TVL resolution and an IP68 rating, which sets our cameras apart in the industry. This unique to the industry package is the perfect way to monitor two blind spots on your RV/Trailer.	<ul style="list-style-type: none"> • One IP68 Wireless Heavy Duty Cameras w/ magnet • Wireless Receiver • Four Camera Input Interface Box • Booster Antenna • Furrion Mounting Bracket • One Remote • Model Specific Harness (Choose from list below) 	649.00

	VWMACH2	MACH 2 Interface Box & Camera This is our standard interface box and digital wireless camera for your In-Dash monitor in your truck. Other Accessories				
	VWDWTR-AHD	This wireless transmitter and receiver allows you to make any of our wired AHD cameras into digital wireless cameras. Our system transmits video signal up to 400 ft. with a good line of sight interference free. Both the transmitter and receiver are Weatherproof.	<ul style="list-style-type: none"> • One Wireless AHD Transmitter • One Wireless AHD Receiver 	249.00
	VWDWTR	This wireless transmitter and receiver allows you to make any of our wired analog cameras into digital wireless cameras. Our system transmits video signal up to 400 ft. with a good line of sight interference free.	<ul style="list-style-type: none"> • One Wireless Transmitter • One Wireless Receiver 	219.00
	VWMDVR1	This is our mobile realtime DVR. Now you can make any Visionworks camera system into a video recorder. This small, easy to install and use, mobile DVR simply goes "in-line" with an SD card (up to 128 GB), you can loop at least 128 hours of video on the card. This is great for applications like vehicle security, monitoring foaling and calving, etc. This is better than a dash cam, because it records your blind spots, lowers your liability and catches criminals red handed!	<ul style="list-style-type: none"> • One Mobil DVR Recorder • One Cigarette Lighter Adapter • One Remote 	189.00
	VWQ4	Our quad processor allows users to plug four cameras or wireless receivers into the quad and only one output to the monitor. With the wired remote you can choose to view all four or each camera on the screen.	<ul style="list-style-type: none"> • One Quad Processor 	289.00
	VWODA14	This long-range booster antenna mounted on the top of an RV provides for a clearer wireless signal, It can be particularly helpful in trailers longer than 30', or if you want to use your camera system while driving, where the law allows, not just backing up (this is included with all Mach 2 kits but it is optional with the monitor kits).	<ul style="list-style-type: none"> • One Omni-Directional Booster Antenna 	29.00
Cables				
	VW15PV4	15 ft. (5 meter) extension cable 4-pin o-ring sealed round connectors. Compatible with both analog and AHD systems.	<ul style="list-style-type: none"> • One 15 ft. (4-pin) Extension Cable 	28.00
	VW30PV4	30 ft. (10 meter) extension cable 4-pin o-ring sealed round connectors. Compatible with both analog and AHD systems.	<ul style="list-style-type: none"> • One 30 ft. (4-pin) Extension Cable 	33.00

	VW65PV4	65 ft. (20 meter) extension cable 4-pin o-ring sealed round connectors.Compatible with both analog and AHD systems.	• One 65 ft. (4-pin) Extension Cable	44.00
